AGENDA ITEM #5: PUBLIC INPUT

Public input was welcomed at this time; however Mrs. Weber announced that the School Committee will not vote tonight on agenda item #9b. School Re-Opening Plan Options due to the planned vote by the MA State Board of Education tomorrow to mandate masks in public schools. If that vote happens, this Committee will not have options; staff and students will be mandated to wear masks in school until at least October, 1 at which time it will be re-assessed by the state. It was explained that this is a public school that receives public funding and for that reason we must follow the state mandates. The distinct difference between mandates and guidelines was reviewed. Berkley schools sent out a survey to parents and staff to solicit feedback on this, which the Committee that has taken into consideration. Several parents in attendance expressed opposition to the mask mandate and suggested the School Committee not adhere to it; many believe masks should be a parent choice. However, if the state mandates masks, public schools must follow it. Mrs. Ryan and many other superintendents in the region and the state have been communicating with DESE and state officials to make them aware of what the opinion is in their communities. Parents were advised to contact legislators and state officials with their concerns about mask mandates. Discussion ensued after the question was asked what would be done if children come to school with no mask. Mrs. Ryan responded that it is our hope that parents would not put children in that situation; it is unfair to place students in the middle of adult decisions. It was clarified that medical and/or behavioral exemptions to the mask mandate are allowed with a doctor's note. It also was stated that this is a fluid issue and changes quickly. The mask mandate, if voted, is until October 1 and things could change again after that.

AGENDA ITEM #6a: CURRICULUM ACCELERATION TEAM (CAT)

Mrs. Ryan announced the formation of the Curriculum Acceleration Team (CAT) that is composed of one teacher from each grade level, specialists, interventionists and the administrative team. Mrs. Ryan reviewed what has transpired to date, beginning with guidelines that were issued July 29 through today, which shows how quickly things changed over the past few weeks. The mask mandate if approved is only until October 1.

She reviewed changes to the protocols surrounding close contacts, social distancing and quarantine. Students/staff who are masked and at least 3' apart are exempt from quarantine and social distancing is not required this year. Arrangement of desks and hallway patterns will return to the way they were before Covid. Music, athletics and afterschool activities will return. Masks and social distancing is not required outside. Masks are required on the bus and in the school health office. She reviewed isolation and test & stay protocols and different scenarios.
