SAVE Task Force Community Information Forum

The SAVE Task Force will host its **final community informational forum**, highlighting the work completed and key findings developed throughout this process.

Residents are invited to attend and hear a comprehensive summary of the task force's research, including the town's current fiscal challenges and the impacts of the structural budget deficit on public services.

The second half of the forum will include a **Q&A focused specifically on the proposed override**, providing residents the opportunity to ask questions and gain a clearer understanding of what it means for the town.

All residents are encouraged to attend.
