

The Berkley Town Clerk's office is looking for enthusiastic individuals who can help out in Town and State Elections. This is an important civic duty and since elections typically only take place a few times each year, the election process can be confusing and it is up to the election workers to keep things running smoothly on Election Day.

Poll workers will be required to attend training prior to working at an election. Not all election workers on our list work every election.

If you are interested, please call the Town Clerk at 508-822-3348 or email the Town Clerk's Office at both halmy@berkleyma.gov and atigano@berkleyma.gov.
